

DEALER REFERENCE LIST

Shut-off Solenoid - Skid Loader

Quick Reference List

IMPORTANT: See the machine parts or engine parts manual for related parts.

Notes:

- A) Contact your local Perkins dealership to purchase Perkins parts.
- B) Where noted, certain Yanmar engines are electronically controlled and the fuel shut off is controlled by the ECU (actuator). It is not replaceable. You will need to replace the injection pump.
- C) 3610 BF 2001 does not have a fuel shut-off solenoid, shut-off is manually controlled by a cable.
- D) Contact your local Cummins dealership to purchase Cummins parts.

IMPORTANT: Shut-off solenoids are the same for GEN:1, GEN:2, Series I and Series II, E and non E series, EU, SX, SXT, DX, DXT machines unless noted.
